We believe in facilitating the creation of a self-reliant Aatmanirbhar Bharat.

STARTUP CONVERGENCE @ EIC

24TH MARCH, 2023

IIML Enterprise Incubation Centre organised **Startup Convergence** at IIM Lucknow, Noida Campus on **24th March, 2023**. The event was a power packed amalgamation of industry experts from **NABARD, PHD Chambers of Commerce & Industry, Microsoft, HSBC** and various other prominent startup ecosystem stakeholders.

IIML EIC, in collaboration with NABARD, launched an exclusive Agritech Accelerator Programme for the agricultural and off-farm sector. The programme aims to support entrepreneurs working towards a green economy and sustainable livelihoods.

Shri S.K. Dora, CGM, NABARD, was our special delegate. He was the Chief Official representing NABARD for the MoU launch. He apprised the audience about the potential of the agricultural sector in contributing towards the growth of the economy significantly. Mr. Dora shed light on the new technological advancements revolutionising the Indian Agrarian Sector & creating opportunities for wealth generation in rural India. He emphasised that the aim of the **Agritech Accelerator Programme** is to support agripreneurs who build and capitalise on the philosophy of "Make in India" by ensuring that the last mile workers are sustainable & financially independent .

Mr. Saket Dalmia, President, PHDCCI, was the keynote speaker for the event. He addressed the audience on the necessity of innovation across all sectors, which will boost entrepreneurialism and accelerate economic growth in the country.

Startup Convergence 2023 also witnessed the launch of the Microsoft Society of Excellence at the IIML Enterprise Incubation Centre at IIM Lucknow, Noida Campus.

Mr. Raghav Saigal from Microsoft addressed the audience on how startups can leverage technology to their benefit and widen their horizons to grow exceptionally into multimillion ventures.

Prof. Neerja Pande, Dean, IIM Lucknow, motivated the young entrepreneurs and focused on the strategic benefits for startups to join IIML EIC to catalyse their growth into potential unicorns. Prof. Pande's words never fail to encourage entrepreneurs in their journey towards success, her stellar personality, profound wisdom, and guidance nurture IIML EIC at its core.

The event was concluded by the commencement of the Flagship Women Incubation Programme, EnterpriseHER: Cohort 1.0. **Mr. Sahil Mahajan, Senior Vice President, HSBC** addressed the audience on the success of women leading the entrepreneurial space & building strong ventures. HSBC is one of the official support partners of the IIML EIC exclusive women-led incubation programme.

12TH JANUARY, 2023

RISING HER TO INNOVATE AND LEAD Masterclass on Intellectual Property Rights, the Art of Pitching and Leadership

IIM Lucknow Enterprise Incubation Centre, in collaboration with Startup India, was engaged in celebrating Innovation Week from **10th - 16th January 2023**.

IIML EIC organised an exclusive workshop for women by women on **12th January, 2023** to support and empower women entrepreneurs as business leaders.

The workshop was a power-packed session with an inspirational and encouraging session by Prof. **Neerja Pande, Dean, IIM Lucknow Noida Campus, on Leadership as a Driver of Entrepreneurship**. Prof. Pande emphasised that women leaders tend to show strong innovation, risk-taking, and empathy skills. Women are an instrumental part of entrepreneurship and will continue to lead change for years to come.

The keynote speaker, **Ms. Aarti Gupta, CIO of DBR Ventures and National Head of the FICCI FLO Startup Cell**, enlightened the audience on various Japanese concepts like the power of the subconscious mind and emphasised that self-motivation is the key driver to entrepreneurial success. She apprised the audience about the Japanese Business Philosophy that focuses on gradually improving productivity and making the work environment more efficient.

Ms. Arushi Gupta and Ms. Priyanka Madnani delivered knowledgeable sessions on **IPR Rights and the Art of Pitching Respectively**. The event was a robust dialogue of ideas on the growing wave of entrepreneurialism within the country, fueling the nation towards an Aatmanirbhar Bharat.

INCUBATION PROGRAMME

The IIML Enterprise Incubation Centre's flagship incubation programme is sector-agnostic, catering to technology-focused MVP stage to early-stage and growth-stage startups focused in the areas of Deep-tech and IoT, Fintech, EdTech, Agritech, EV and Sustainability. There is an intensive, multi-layered screening process through which startups are selected to be a part of the IIML EIC's portfolio. IIML EIC's portfolio startups are eligible for assured funding support and a wide array of exclusive IIML EIC benefits. In addition, portfolio startups also have access to mentorship support composed of IIM Lucknow faculty and industry experts, an exclusively curated start-up toolkit, and dynamic investor connects to VC firms and angel investors.

In the recent past, the IIML EIC has conducted 3 cohorts of the incubation programme and has added 7 qualified startups to its current portfolio of 54 startups in the incubation programme.

PITCH 12.0

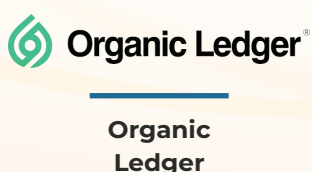

Turtleneck has identified the gaps in the country's existing cyber security posture. Products and services presently available in the market are mostly of foreign origin or based on data repositories outside India. They have built an architect that is capable of addressing some of the critical gaps. They are presently progressing with the development of several cyber products and services according to their perceived architecture. Two of their cyber products are already in the POC stage. Next is to build an Advanced Malware Analysis Framework and an Indian Malware Repository for future forensic and development work.

Arraykart is a hyperlocal B2B eCommerce platform for agri-input retailers in Tier-2 to Tier-5 cities. Its services like 24-hour delivery, digital lending, and agronomist support are helping dealers and retailers meet their maximum potential in their businesses with excellent customer support. Its uniquely designed inventory and logistics model made it possible to offer its customers a wide range of SKUs within 24 hours with minimum resources. At present, Arraykart is serving more than 1500+ retailers in 25+ blocks of western Uttar Pradesh. Arraykart is also working on blockchain technology to solve the problem of counterfeit products through its supply chain, with traceability for its different stakeholders.

ARRAYKART

7TH JANUARY, 2023

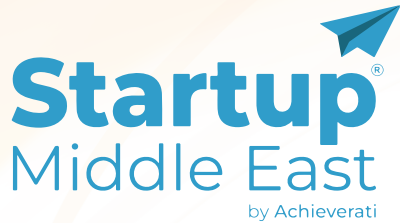

IIM Lucknow Enterprise Incubation Centre, in collaboration with We Founder Circle, organised a **certificate-based, 4-week angel investor training programme**. The programme commenced on **7th January, 2023**.

The programme is explicitly designed for angel investors, family offices, startup mentors, and other stakeholders. The aim of the programme is to build a community to help aspiring investors acquire knowledge about investing in early-stage startups. In this programme, participants learn and understand startup investment know-how and various facts about the investing journey. Participants from India and abroad joined Cohort 3. These sessions are being delivered by IIML faculty, industry experts, and entrepreneurs from the Indian and global ecosystems. The sessions are designed to address real-time startup investment opportunities, with sessions on venture investing, raising funds, and deal negotiation being a few of the important themes that are comprehensively covered within the programme. The participants got an opportunity to participate in a live "Demo Pitch Day" at the conclusion of the programme, where they could experience and evaluate startups based on their pitches.

MARKET EXPOSURE PROGRAM

Startup Middle East selected IIM Lucknow Enterprise Incubation Centre portfolio startups Arktane Technologies Pvt. Ltd. and Dash Dynamic Pvt. Ltd. to participate in the Startup Middle East Market Exposure Programme. The programme was a pivotal opportunity for both startups to represent themselves at a global level, engaging and connecting with investors and VC firms within the international diaspora of the startup ecosystem.

This was a novel opportunity for the startups to represent themselves at a global level; they got an opportunity to display the USP of their product to a wide array of interested investors and strategic partners.

Dr. Farooq Ahmad Bhat,
Chief Technological Officer,
 represented **Arktane,**
 a DeepTech startup
 developing a novel
 electronic tagging system

for luggage tracking in airports. It optimises baggage flow at airports by utilising digital baggage tags backed up by the power of deep learning.

Dash Dynamic was represented by **Mr. Robin Singh,** co-founder and CEO. **Dash Dynamic** is working in the EV domain. It has developed a wireless charging technology for electric vehicles (EVs) that will charge the vehicle 30% faster than conventional plugged-in EV chargers.

10TH - 12TH FEBRUARY, 2023

IIML EIC Portfolio Startups **Just Learn 360° Skilling Ecosystem, APTCODER, Farms2Families, and Road Pilot** attended the **UP Global Investors Summit from 10 - 12 February 2023**, to represent their startups and build dynamic investor connections.

The 3-day-long Investors Summit brought together policymakers, corporate leaders, business delegations, academia, think tanks, and political and government leadership from across the globe to collectively explore business opportunities and forge partnerships.

UPGIS 2023 was an initiative aligned with the vision of the Hon'ble Prime Minister of India of making our country a USD 5 trillion economy, towards which the Government of Uttar Pradesh has set an aspirational target of making the state a USD 1 trillion economy in the next 5 years.

PHD
UPITEX
UTTAR PRADESH INTERNATIONAL TRADE EXPO

23RD - 27TH FEBRUARY, 2023

The **UPITEX** expo was organised by **PHD Chamber of Commerce and Industry** between **23 - 27 February 2023, in Lucknow**. **Shri Brajesh Pathak, Deputy CM for Uttar Pradesh**, and State Tourism and Culture Minister Jaiveer Singh graced the occasion with their presence. UPITEX was organised to galvanise investments and encourage local businesses to boost trade and commerce to catalyse the vision of building up to a \$1 trillion economy by 2027.

Aditya Prasad, Head Business Development, IIM Lucknow Enterprise Incubation Centre, attended the event in the capacity of a delegate and was a part of a panel discussion on the topic **"Making Uttar Pradesh the Unicorn Hub of India."** He shed light on the importance of an incubation support system for startups. He addressed the audience on the significant work being done at IIML EIC to support startups and facilitate the vision of growing the Uttar Pradesh economy manifold.

31st Convergence India Expo | **17-19 JANUARY 2024**
Pragati Maidan, New Delhi

The **31st Convergence India Expo** was a three-day expo at **Pragati Maidan in New Delhi**. The expo showcased the latest technologies and innovations from the Information and Communication Technology (ICT) industry. The annual event intends to help the start-ups gain global visibility for their products and services, as well as keep them abreast of the latest trends and technologies in the ICT industry.

IIML EIC portfolio startups, **Constems A.I., Ecotio, Dutypar, and Searchmytender**, participated in the expo. Participating in **Convergence India Expo 2023**, featured conferences, workshops, and seminars that provided valuable insights into industry trends and best practices and was beneficial for startups in many ways.

Participating in the expo helped start-ups gain global recognition and credibility. The gained knowledge & exposure about the current global market trends, networking opportunity with global startups & exposure to international operational & marketing strategies.

SEED INVESTMENTS @ IIML EIC

IIML ENTERPRISE INCUBATION CENTRE BELIEVES "AN INVESTMENT IN KNOWLEDGE PAYS THE BEST INTEREST."

From innovative tech to sustainable solutions, we have ventured across multiple domains to support start-ups in their ambitious journeys. We put our trust in forthcoming next-generation startups and provide holistic support, smart infrastructure, and assured funding support to IIML EIC startups. We believe in writing their first cheque, through our various funds. We invested in the following portfolio startups through the IIML EIC Seed Fund, an in-house corpus, along with Startup India Seed Fund Scheme.

STRATEGIC PARTNERSHIPS @ IIML EIC

IIML-EIC has signed MoUs with various Government Organisations, Legal firms, Angel Investors, Banks, VC Firms and Corporate Support partners to facilitate and provide advantageous support to IIML EIC Portfolio startups.

RECENT HIGHLIGHTS

Dash Dynamic raised ₹2.5 crore from investors for a pilot trial with M.G. Motors, one of India's leading electric vehicle manufacturers. IIML EIC played a pivotal role in negotiating and finalising the investment deal.

During the trial period, customers will be able to use Dash Dynamic's wireless charging technology directly at M.G. Motors' showrooms across India. This will help provide real-world evidence on how this technology works and improve the customer experience while they charge their vehicles hassle-free-all without having to plug in cords or worry about finding compatible chargers like they would with traditional electric cars.

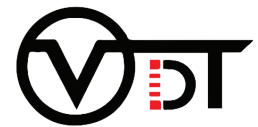

IIML EIC invested in PWIP through the Startup India Seed Fund Scheme, and through this strategic partnership, **PWIP** closed FY22-23 with 115 crores worth of rice exports.

PWIP has helped 120+ rice millers and 45+ new exporters successfully export 37,842 metric tonnes of rice from India to 11+ countries, including Vietnam, Singapore, UAE, Malaysia, Sudan, Bahrain, Kuwait, Philippines, and Qatar.

IIML EIC played a pivotal role in negotiating and finalising the investment deal for portfolio incubatee **Arktane** at a valuation of Rs 12.5 crore.

IIML EIC is proud of Incubatee Startup **VDT Pipeline Integrity Solutions Pvt. Ltd.** for being awarded the best startup at India Energy Week in Bangalore.
